24 regulations that threaten the reliability and affordability of electric power in the northern
25 great plains.

26 WHEREAS, the citizens of South Dakota benefit from adequate, efficient, and affordable
27 electricity, a reliable electricity grid, and a diverse mix of generation sources; and

28 WHEREAS, having affordable electricity is vital to South Dakota jobs, economy, and the
29 well-being of its citizens; and

30 WHEREAS, high energy costs particularly affect low income and elderly persons; and

31 WHEREAS, over the last several years, the United States Environmental Protection Agency
32 has proposed several regulations that would enact a de facto ban on the construction of new,
33 efficient, and cost-effective coal-fired power plants, and threaten the continued operation of
34 existing coal-fired power plants; and

35 WHEREAS, in 2015 the United States Office of Surface Mining, Reclamation, and
36 Enforcement has proposed regulations that could significantly restrict access to the vast coal
37 reserves in North Dakota and Wyoming, on which South Dakota electric consumers rely; and

1 WHEREAS, in January 2016, the Department of the Interior announced a moratorium on
2 new federal coal leases at the urging of President Obama during his State of the Union Address;

17 First Legislature of the State of South Dakota, the Senate concurring therein, that the Legislature

19 regulations and other administrative actions that prohibit or restrict the ability of utilities to
20 continue providing low-cost and reliable power; and

21 BE IT FURTHER RESOLVED, that the United States Environmental Protection Agency
22 refrain from finalizing regulations for carbon dioxide emission standards which requires new
23 coal-fired power plants to meet an emission standard that is not achievable with current
24 commercial technology, and which prematurely requires retirement or curtailment of existing
25 coal-fired power plants; and

26 BE IT FURTHER RESOLVED, that the Legislature urges the federal government to work
27 with this state, the South Dakota congressional delegation, and the utilities that serve South
28 Dakota electricity consumers to design and implement regulatory programs that are based on
29 sound science, recognize the status of existing technology and development timelines, and that
30 make economic sense for South Dakota businesses and consumers; and

31 BE IT FURTHER RESOLVED, that the chief clerk of the House of Representatives forward
32 copies of this resolution by certified mail, return receipt requested, to the President of the United
